

Recommendation Letter

Prof. Antonello Cutolo

Professor of Electronics (ING-INF/01)

Department of Electrical Engineering and Information Technologies (DIETI)

University of Naples Federico II, Italy

Email: antonello.cutolo@unina.it

To the Selection Committee,

It is my pleasure to recommend **Mr. Babar Ali** for participation in the **INFRACHIP Research Accelerator Program “From Functional Inks to Printed Devices”** at UNINOVA. I have supervised Mr. Ali during his Ph.D. and subsequent research, where he has shown exceptional skill in **nanophotonic and biosensor design, material characterization, and device fabrication**. His scientific rigor, technical competence, and collaborative approach make him an excellent candidate for this program. I am confident that he will both contribute to and greatly benefit from this advanced training opportunity.

Sincerely,

Prof. Antonello Cutolo

University of Naples Federico II
